

Chapter 15 - Parking

ARTICLE I - PURPOSE

Parking vehicles on city streets, in established city parking lots, and in the city parking garage requires regulation and enforcement to maintain order, protect property, promote business, and support the safety and welfare of the public. This chapter includes provisions prohibiting the standing or parking of a vehicle and shall apply at all times, at those times herein specified, or as indicated on official signs. Exceptions to the rules and regulations contained herein are limited to times when it is necessary to stop a vehicle to avoid conflict with other traffic, when complying with the directions of a police officer, or when official traffic-control devices dictate otherwise. The provisions of this chapter imposing a time limit on parking shall not relieve any person from the duty to observe other and more restrictive provisions prohibiting or limiting the stopping, standing or parking of vehicles in specified places or at specified times.
