

City of Winooski Job Description

Human Resources Department

Position Title – Youth Interventionist

Purpose – The Youth Interventionist works to provide early intervention services to youth in the Winooski community, serving as the first contact once youth behavior exceeds the Restorative Justice interventions at school and rises to the level of referral from the School Resource Officer. This position works closely with the School Resources Officer and Community Services, and manages referrals that occur outside of school. In all instances the Youth Interventionist seeks to address not only individual and community harm, but also external factors that led to the behaviors that precipitated the referral.
