1. Thank You for Your Service!

Winooski is proud to be the most diverse community in the state of Vermont and sees this diversity as a community asset. All who live, work, volunteer, and play in Winooski are granted equal access to City programs and services regardless of immigration status.

Volunteers who dedicate their time to community service in Winooski are an essential part of what makes our City a special place to live, learn, and work. Much of Winooski's vibrant community has been driven by a volunteer force - from youth to seniors and everyone in between. Many community members find personal and professional pride in volunteering. We welcome you to our network of hardworking, trustworthy, and community-minded volunteers.

Volunteer positions are unpaid, but provide a priceless value in enhancing engagement, networking, and community building.

In line with the City's official vision statement, volunteers help foster relationships across generations and cultures by providing safe, healthy environments and opportunities to connect and engage. Our hope is that through your service, community members who take advantage of City programming find themselves supported, inspired, and connected. We also hope our volunteers gain experience, meet neighbors, and deepen their connection to Winooski!

2. How to Apply

Visit winooski.vt.gov/volunteer to fill out an application or obtain one in person from any City managed program. After you apply, a staff or volunteer from the City will contact you to discuss your volunteer interests and potential placement. This step may include an interview and will identify any training, orientation, or screening that may be needed.

3. Why a Handbook?

This Handbook was created to give you some essential information about the Winooski Community Services and about our volunteer policies, practices, and benefits.

We ask that you read this Handbook carefully and refer to it whenever questions arise. We hope that you are able to easily find all the information you need, but we encourage you to speak with your supervisor or the Volunteer Coordinator if you have any questions.

4. Screening of Volunteers

- Service Requirements

The City of Winooski is dedicated to ensuring a safe, healthy, and connected community, which often involves serving and communicating with vulnerable populations. In order to guarantee thoughtful, respectful, and quality service, the City may, at its discretion, utilize any screening or background checks it deems necessary. These include, but are not limited to, formal background checks, informal interviews by phone, or in-person. These steps are designed to provide the community with responsible volunteers who are committed to the safety and engagement of all community members.

Volunteers may submit a background check annually and will be required to reapply if there is a one year or more break in service. Volunteers who have not yet reached the age of 18 must have a parent or guardian give permission for a background check to be performed.

- Court-Ordered Community Service

The City of Winooski may accept court-ordered community service. Such requests will be directed to the [Community Justice Center](#).

Volunteers who enter service for the City through the Community Justice Center are required to follow the Community Justice Center's application process. This involves additional paperwork and an interview process. Those volunteers should follow the instructions of their supervisor.

- Minors as Volunteers

Volunteers who have not yet attained the age of 18 years must provide consent from their guardian/parent on either the online or material application to be submitted. This will be included via both the online and material application forms.

5. Volunteers and Staff

Volunteers are individuals who have decided to donate their time to public service and the City of Winooski. They are not considered employees of the City at any time or for any purpose, and do not receive any pay or other remuneration for their services.

In order for the City to operate successfully, volunteers and staff should be distinguished from one another. In doing so, delineated tasks can be made appropriately where applicable. There is a reciprocal expectation where volunteers and staff have an obligation to check in with one another when necessary.

- Role of Staff/Role of Volunteers

Staff is here to supervise, train and assist volunteers in their work. Volunteers are not intended to replace paid staff. Volunteers cannot direct and or supervise staff.

- Financial Policy

City staff should be the only individuals to accept cash or payments on behalf of the City, unless directed otherwise by the staff. Should any volunteer be directed from their supervisor to handle any cash or payments to the City, the volunteer should act in the best interest of the City when conducting operations. Any mishandling of payments or financial operations by a volunteer will be subject to potential removal from service.

- Volunteers Cannot Direct and/or Supervise

Volunteers do not have the authority to give direction to any City employee or City elected or appointed officials.

- Communications with News Media and Photographers

Only authorized City of Winooski staff are allowed to speak on behalf of the organization, including communication with the news media. Volunteers should refer any media inquiries to their supervisor.

6. Personal Conduct

The City expects the utmost professionalism from our volunteers. The purpose of our work is to serve the taxpayers of our community in the most effective and efficient manner possible. As part of our team, we hold volunteers to the same standards to which we hold our employees. Each employee or volunteer should come to work or service prepared to perform their job or volunteer duties well and to improve both their skills and the systems of the City's government whenever possible. People who do business with the City, from paying taxes to building a commercial structure, deserve to be treated with respect, to be heard and understood, and to know they are being treated fairly. Finally, the nature of government requires the utmost attention to providing ethical treatment in all cases, regardless of the customer. It is important volunteers understand they are representatives of the City during service hours.

- Customer Service

It is our goal to provide quality and consistent customer service to program participants. This value includes maintaining a pleasant demeanor and a general willingness to "go the extra mile" to make sure our program participants needs are met. We expect that volunteers will share this commitment to customer service and to keeping our community members satisfied.

- Substance Abuse

The City is concerned for the general safety and well-being of its volunteers and the general public, and is committed to providing all volunteers with a safe and productive environment free from alcohol and drugs.

The use of controlled substances is inconsistent with the behavior expected of volunteers, may create unacceptable safety risks, and undermines the City's ability to operate effectively and efficiently. The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance during service or while engaged in City activities away from City office premises is strictly prohibited. A volunteer using prescription drugs that could affect their service ability should have their physician state in writing any restrictions and/or emergency procedures relating to the use of those medications.

The sale, possession, or consumption of any intoxicating beverages during volunteer hours, or the act of presenting oneself for service under the influence of alcohol, is strictly prohibited. Volunteers who become aware of any violations of this policy are required to report any such violation to their supervisor or the Volunteer Coordinator immediately.

The City acknowledges that substance abuse is a serious and complex disease that may negatively affect an individual's volunteer performance and personal life. If a volunteer needs to exit service in order to seek medical assistance, their supervisor will review the option of re-entering service on a case by case basis.

Consequences of prohibited conduct will be determined on a case by case basis. Violation of any part of this policy may result in termination of the volunteer relationship with an individual. The City may take appropriate action under this policy if there is a reasonable suspicion to believe any violation has occurred on behalf of a volunteer.

7. Further Details

- Conflict of Interest

The City is dedicated to providing a safe, healthy, and connected community for all. The purpose of this policy is to ensure volunteers are not using their service hours for any personal or financial advantage. If a volunteer is a minor under the age of 18, a parental/guardian agreement will be necessary for their entry into service. A conflict of interest means any of the following:

1. A direct or indirect personal or financial interest of a volunteer, their spouse, household member, child, stepchild, parent, grandparent, grandchild, sibling, aunt or uncle, brother-or-sister-in-law, business associate, or employer or employee in the outcome of a service opportunity.
2. Representing or distributing information or literature unrelated to the City's mission or program of which the volunteer serves for.
3. Accepting gifts or other offerings for personal gain by virtue of their service which are not available to the public in general.

If any situations leads the City of Winooski or the program manager pertaining to the volunteer's service, to suspect any conflict(s) of interest, the program managers will use their discretion to deem whether or not separation from service is necessary. See separation section (9).

- Confidentiality

From time to time City of Winooski volunteers may be in contact with confidential information. Should this occur, volunteers should be aware that disclosing material clearly identified as confidential by any means including but not limited to labels, policies, procedures, law, statute, or ordinance, may be cause for loss of volunteer status. Volunteers who are unsure how to handle confidential information should ask their supervisor for guidance.

Should a volunteer decide to discontinue service, they will be offered the opportunity to provide an exit interview.

- Separation

All volunteers willingly and freely offer their service and time with no expectation of payment or compensation. The City of Winooski recognizes the right of volunteers to discontinue their service at any time for any reason. The City of Winooski may limit the use of volunteers based on staff determination of needs and City policies. Volunteers will be dismissed if their behavior or language is harmful or threatening.
